

June 3, 2010

Dear LC Parents/Guardians,

On the back of this cover letter is our fee list for the 2010-2011 academic year. You have already received this back in January with the tuition information. Despite the challenging economy, we were able to retain the majority of our fees at the same levels as the last three years. In reviewing the needs of our Athletic budget and to ensure that no sports would have to be constricted, we will continue with the athletic fee according to a tier system.

We will also continue with our Sports Ad book requirement of student-athletes to sell ads that total \$150. For those with two or more student-athletes there will be a family discount rate of \$250 worth of ads to be sold. Any additional ads that are sold will be credited to your Athletic fee. This year, the Sports Ad book will be used for the Fall, Winter and Spring seasons and distributed at all athletic events, generating more publicity for our sponsors. Additional details on this will be distributed to our student-athletes and through our LC Athletic Board (LCAB) representatives.

Over the summer you will be receiving updates via our email and School Reach phone system on the regular summertime refurbishing as we prepare for the opening of our 2010-2011 academic year.

We thank you very much for the sacrifices you make, especially in this economy and the volunteer spirit you show in making LC the wonderful learning community it is. May you and your families enjoy the summer break and may our Patroness, St. Theresa of the Little Flower, continue to show us the "little ways" of growing closer to our Lord.
